St. Louis, MO 63126

Dear Rudi:

Thank you so much for supporting the 8th Annual Governor's Youth Turkey Hunt. Without the support of generous landowners like yourself, this event would not be possible. With your help we were able to provide a very special experience for 16 youths. Most of these kids had never before hunted anything or had even fired a gun and none of the kids had ever turkey hunted. Your support helped make lasting meaningful memories from the orientation Friday afternoon, to the reception with the Governor and First Lady, to the individual hunts. We also experienced incredible success in 2016 with 12 of the 16 kids tagging birds. Thanks again for helping us Save the Habitat. Save the Hunt!

Sincerely:

John D. Burk
Regional Biologist for MO and IL
National Wild Turkey Federation
